D. Treasurer Report

- 13K in Checking
- Total budget is 21K
- We're currently in fundraising mode and money is coming in
- The biggest change this year is the 3K added for science equipment. This will be a permanent part of the budget.
- We've yet to raise 20K in one year, but it has worked because there has been unspent rollover from previous years. We will be reminding people of their unspent money so this will be less likely to happen.
- Har-Per Kid Drive has raised \$8,130 to date.
- Planning mini-auction for Open House on 4/28/26. Contact Ashley if you're interested in helping procure items.
- Cost going up for supplies and funding is going down so this part of the PTO grants are important in providing unrestricted funds for teachers to access.
- Loretta motions to approve, it is seconded and voted on. Budget approved.
